

Municipality of the District of Argyle

Item: Wedgeport Sewer
Committee

Date: March 5, 2019

VISION

We see Argyle as home to a healthy and thriving rural population. Our municipality promotes and supports economic and social opportunities for the region and engages in the active expression of our unique Acadian heritage. We are a place of choice for rural living and are widely recognized for our warm hospitality and joie de vivre. Surrounded by fresh air and cool ocean breezes, we work and play in the great outdoors. People choose to live in Argyle because of our commitment to each other, to our community and to our neighbors. Argyle is a place we are proud to call home.

Background:

The Wedgeport Waste Water Project Phase 2 was successfully completed by end of February 2019 with 42 out of 44 budgeted installed on-site sewers. The upcoming fiscal year would be considered as our first operating year for the Wedgeport Waste Water Management District. As stipulated in our By-Law #37 – Wedgeport Wastewater District under Sentence 7 *Council shall appoint a Wastewater Management Committee to review and report on the management and operation of the WWMD* it is required to form a committee for this matter.

Staff had posted a request for volunteers to all residents that were involved in the project and received three responses from interested residents. To form the committee it would be recommended to have council chair the committee and have at least 2 staff members as voting members present. Overall the committee would consist of 7 voting members (2 council, 2 staff and 3 public).

Staff is requesting respectfully to approve the motion to have councils support for the set up of the Wedgeport Wastewater Management Committee as outlined below.

MGA considerations:

CAO's Conclusion:

Approve the motion.

Suggested motion:

Council is supporting the set-up of the Wedgeport Wastewater Management Committee with two (2) members, where one (1) member will be chair of the committee.
