Background:

Staff is pursuing provincial funding for the upgrades of the Water Systems for Middle and Lower East Pubnico. We are proposing costs of about \$63,000 and asking for a grant portion that is about half of the project costs. This funding would help us paying for the upgrades of the Popes Road Well house and some consultant fees for well testing and tender drawing support.

During our application review process, we noticed that we need a motion from council to support our initiative to obtain the funding under the Provincial Capital Assistant Program (PCAP) and needs to be submitted with the funding application.

Staff is requesting respectfully to approve the motion as outlined below.

MGA considerations:

CAO's Conclusion:

Approve the motion in support of the East Pubnico Water System upgrade efforts.

Suggested motion:

Council supports the submission of an application under the Provincial Capital Assistance Program for the total amount of \$63,563 for the Middle and Lower East Pubnico Water System Upgrade projects.
