

Like many other residents, I am saddened by the news that the YMCA will not re-open. I have been a member for years and both my children learned to swim there, went to programs, were members, and both worked there as well in years gone by.

I would be willing to sit on any committee or group willing to work on a replacement regional facility. I would hope that the possibility exists for the area to be able to use at least part of the existing YMCA building before a permanent replacement can be built.
