This letter is a request for the Community Grant. The East Side Community Centre is in need of replacing part of the electrical panel (from fuses to breakers). A group of seniors (not the New Horizons) do quilting projects at the Centre once a month and the fuses are always blowing.

If any more info is required call either myself at 902-762-3044 ddfiseries@hotmail.com or Joanne Larkin at 902-762-3326

We have felt very appreciative of the previous monies you have awarded us.

Thanking you in advance,

Kathy Garron-Amirault, for
Joanne Larkin,
President, ESCC
