Re: District Community Grant

Hello Councillor Glenn,

I am writing this letter on behalf of the Pubnico & Area Garden Club. The objective of the Garden Club is to promote beautification in the community through gardening and to encourage members to plant vegetable gardens. We meet for free monthly at Le Musée Acadien in West Pubnico and in return we keep the flower and vegetable gardens of Le Musée in good shape for the visitors.

Because of COVID restrictions and our club not being as active for the past year, we need to get back to our regular activities. The first thing on our agenda is sprucing up the grounds at Le Musée Acadien.

We have to buy mulch, shrubs and flowers to make the grounds at the Musée look good. Therefore, we would like to submit a request to receive \$500.00 through the District Community Grant.

Thanks for accepting this request.

Regards,

Louise LeBlanc
President of the Pubnico & Area Garden Club
