Dear Chief Jacquard,

Please be advised that Council has approved your rate as per your rate payer association meeting of May 24, 2022, which is an extension of the seven-cent rate per \$100 of assessment as set previously.

Please note that Council confirms that this shall be collected over 6 years beginning in June 2023, and every year thereafter. We trust this is sufficient to support loan financing for the period in question.

Sincerely,

Alain D. Muise, CPA, CA
