Background:

The Director of Finance and the CAO examined the financial position to March 31, 2024 showing a surplus of \$408,664 and would propose a transfer of a portion of that surplus to our Capital Reserve for future capital investments.

Our projected net surplus for all operational activity, excluding water and wastewater surpluses (that belong to the respective committees) is \$381,742. According to the accounting rules set by the Province, we must transfer annual surpluses to the Operating Reserve. Capital reserve transfers shall be done via motion. Please note this to be a projection based on known revenues and expenditures to come.

CAO's Recommendation:

Recommend that \$300,000 of the estimated \$381,742 surplus be transferred to the Capital Reserve. \$220,000 has already been transferred as initially budgeted. This additional transfer will result in a total transfer of \$520,000.

Suggested motion:

Move that \$300,000 of the 2023-2024 operating surplus be transferred to the Capital Reserve, for a total transfer to the Capital Reserve of \$520,000 for the 23-24 fiscal year.
