Dear Mr. Houston,

Re: Highway 334 Crosswalk

At our Regular Council meeting on December 12, 2024, Council unanimously approved the request for the Department of Transportation and Infrastructure Renewal to conduct a study to assess appropriate safety measures for the crosswalk in Wedgeport.

We understand that the financial implications of an improved safety measure at that location is the financial responsibility of the municipality. We have uncovered several near misses in that location already with the revised location of the school.

Please let our CAO know if there are any more specifics you require, he may be reached at admuisse@munargyle.com

Sincerely,

Nicole Albright
