| SUBJECT: Relief of Taxes AAN# 02477912 |

| DISCUSSION |
|--|
| <p>This account is a longstanding issue on the Municipality's books as there were two PID#s listed, however only one existed and it was sold at a Tax Sale in 1989. The land has been surveyed and the property in question does not exist, making the municipality unable to recover the costs.</p> <p>Land Registry has deactivated the account. This means the next step is to write off the costs associated with the account.</p> |
| SUGGESTION |
| <p>It is the recommendation of the Tax Administrator, with the support of the CAO, to write off the taxes for AAN# 02477912 in the amount of \$3468.99.</p> |
